

Promoting on-farm composting and soil quality

Ecology ~ Innovation ~ Agriculture

The Highfields Institute is Growing!

www.highfieldsinstitute.org

Seeking an **Executive Director**

Requirements: experience in organizational and budget management, and fundraising.

Must be committed to Highfields' mission of developing regenerative food systems through preservation and improvement of Vermont's agricultural soils, watersheds, and agricultural economies through on-farm composting, organic materials recycling and soil health programs.

Highfields is a non-profit located in Hardwick, VT.
